ABOUT UNIVERSITY

Sri Krishnadevaraya university has its beginning as the post graduate centre of Sri Venkateswara University in the year 1968 . It has gained autonomy in the year 1976 and was elevated as university in the year 1981. It was conferred the status of an affiliating university in the year 1987. Presently, it is catering the higher educational needs of Ananthapuramu district in a short span of two decades of its existence University gained recognition as centre of academic excellence by the NAAC.

ABOUT THE COLLEGE

Sri Krishnadevaraya University College of Pharmaceutical sciences is a self- funding college with a motive to strengthen and upgrade the pharmacy curriculum to produce competent pharmacist workforce which is able to meet the growing demands of the industry and community. As a step towards this, College of Pharmaceutical Sciences was started at the University campus as a constituent college offering Master of Pharmacy Course from the academic year 2008-09, which happens to be the silver Jubilee year of the University for providing Pharma education accessible and affordable to the rural people.

ABOUT ANANTHAPURAMU

Anantapuramu is connected by National Highway between Bangalore and Hyderabad Ananthapur is a city and the district head quarter of Ananthapuramu district, located in the state of Andhra Pradesh which is well connected by road and train. Ananthapuramu is renowned for tourist places like the world's largest Nandhi stone sculpture at Lepakshi temple, Hindupur.

Thimmammama marimanu is the worlds largest banyan tree spread over 5acres of land near kadiri which was recorded as the biggest tree in the guinness book of the world records in 1989 and other tourist places are Rayadurgam fort, Gooty fort and Belum caves.

ABOUT THE CONFERENCE

The objective of this conference is to highlight cutting-edge advances in all major disciplines of Life Sciences & Pharmaceutical Sciences and to provide scientific, professional and technological training to all aspects relating to identification, standardization, formulation, preparation, distribution, quality assurance, use of drugs and medicines and development of innovative ideas to further strengthen the knowledge in pharmaceutical Research. This two day event will feature recent findings from leading industrial,clinical and academic experts in the Pharmacy field in the form of lectures and posters.
